

IPST Creates New Online Alumni Directory

IPST recently created an Online Alumni Directory for IPC and IPST Alumni. The new Directory allows you to update your personal information and search for other Alumni.

We do need your help with the accuracy of your information – Therefore we are requesting that you access the Online Directory and input the correct information so that database will become more accurate for everyone.

To access your information and correct the Directory entries *you will need to send an email message requesting a username and initial password to alumni@ipst.gatech.edu*

Please Note: The Alumni Directory information is confidential and access is restricted to IPC or IPST Alumni.

Once you have gained access to the Online Alumni Directory you can then make changes to your personal information and reset your password.

If you have not already done so, please take a couple minutes to send your email request for password and help join in to make this a very accurate Alumni resource –
